QUANTUM FX

Terms of Service

Terms of Service governing the use of Quantum FX trading services

Agreement to Terms

This Agreement outlines the legal framework governing your relationship with Quantum FX and your use of its trading services. It contains essential information regarding your rights, responsibilities, and associated risks. By accessing our services, you acknowledge and accept the terms set forth herein.

About Quantum FX

Quantum FX Ltd. is a licensed introducing broker registered in Saint Lucia (Reg. No. 2024-00507). Under the scope of this Agreement, Quantum FX provides clients with access to a multi-asset trading platform offering Forex, CFDs, and other financial instruments, in accordance with applicable regulations.

Risk Disclosures

Trading leveraged products involves substantial risk and is not suitable for all investors. By entering into this Agreement, you acknowledge that you may incur losses exceeding your initial investment. Independent financial or legal advice is strongly recommended before engaging in such trading activity.

Trader Responsibility

As a client, you are solely responsible for using your own deposited funds to meet all trading and margin obligations. Quantum FX bears no liability for losses arising from your decisions, strategies, or market volatility. You agree not to trade with funds you cannot afford to lose.

Fees and Charges

All trading activities may be subject to commissions, spreads, swap charges, and other transaction-related fees. Quantum FX maintains a transparent fee structure, and all applicable charges—such as for inactivity or currency conversion—are published on the official platform or made available upon request.

Deposits, Funds & Security

Funds deposited into your account are classified as trading capital and allocated toward your margin requirements. You are responsible for safeguarding your account credentials and access devices. Quantum FX cannot be held liable for any unauthorized access resulting from negligence or compromised login information.

Market Conduct

All clients are expected to maintain fair and ethical trading practices. Market manipulation, artificial activity, or any behavior deemed abusive may result in the immediate suspension or termination of your account without prior notice, subject to applicable laws and regulations.

Dispute Resolution

Disputes or complaints related to this Agreement must first be submitted to Quantum FX's Compliance Department. We will review and respond in a timely manner. If unresolved, legal proceedings will be subject to the laws and jurisdiction of Saint Lucia or any other competent authority as permitted by law.

Agreement Updates

Quantum FX reserves the right to amend this Agreement at any time. Updates will be published on the website and shall be considered accepted if you continue using the platform thereafter. We encourage you to review these terms periodically.
